# TRANSITION™

From Stainless to Single Use Plastic Components

Engineered Single Use Solutions...Reducing Operational Cost, Improving Production Efficiency

- Widespread Custom Options
- Cost Effective
- Unique Design Capabilities
- Rapid Prototype Capability
- Small & Large Lot Quantities Available
- USP Class VI Approved Materials

## Engineered Custom Plastic Single Use Component Fabrication

| <u>Features</u>                    | <u>Benefits</u>   |
|------------------------------------|---|
| ◇ Non Metallic vs. Stainless Steel | <ul style="list-style-type: none"> <li>○ Lighter in weight</li> <li>○ Excellent biological inertness; low level of extractables</li> <li>○ Reduce risk of corrosion and long term degradation; no rouging in plastic</li> <li>○ Excellent chemical resistance with most acids and bases</li> <li>○ Similar in strength and mass to stainless steel</li> </ul> |
| ◆ Design Capabilities              | <ul style="list-style-type: none"> <li>● Endless number of custom capabilities</li> <li>● Quick prototype capabilities</li> <li>● Ability to supply small lot configurations as well as large</li> <li>● SLA and machine prototyping capabilities</li> </ul>  |
| ◇ Material Options                 | <ul style="list-style-type: none"> <li>○ Polypropylene, PE, PVDF, Polysulfone, Fluoropolymers and other materials based on individual application needs</li> </ul>  |
| ◆ Product Capabilities             | <ul style="list-style-type: none"> <li>● Engineer design capabilities<br/>(Inserts, dip tubes, containers, tanks, sanitary flanges, mixing devices, machined components)</li> </ul>   |
| ◇ Service Capabilities             | <ul style="list-style-type: none"> <li>○ Ability to supply gamma irradiated</li> <li>○ Lot traceability information provided upon request</li> </ul>  |

### Custom Plastic Fabrication Capabilities

Custom Assemblies or Components – SaniSure, Inc. can help to design, develop, and optimize your specific process to help improve safety, reduce labor costs, improve production efficiency and overall production costs; improving ease of implementation and speed to market. Included are a few examples of plastic fabricated components and assemblies we have provided to customers throughout the industry. Please contact SaniSure, Inc. at 1-877-777-3005 to work directly with a SaniSure representative on your specific application or process. SaniSure prides itself on the ability to understand and provide solutions to our customer's unique applications and requirements.
